

2025 HACKENSACK RIVER NATION SUMMIT

Tuesday, April 22, 10 am to 6 pm
Fairleigh Dickinson University, Student Union Bldg
Sub Lane, Teaneck, New Jersey

SPONSORSHIP INFORMATION

Public officials, leaders of environmental and community-based organizations, educators, environmentalists and businesspeople will gather for the 2025 Hackensack River Nation Summit to explore better ways to protect the Hackensack River ecosystem and connect more people to the river.

They will explore topics such as stormwater management, the cleanup of the Hackensack River Superfund site, model land use regulations, funding for environmental issues, and more.

The event is produced by Hackensack River Nation, a cross-sector alliance of leaders in the Hackensack River watershed, a 197-square-mile area covering 59 municipalities in Hudson, Bergen and Rockland counties.

Your sponsorship will give you great visibility with influential people in the region. Proceeds from the event will go to the Northern New Jersey Community Foundation to support projects and programs that will help protect the natural environment in North Jersey.
